ABOUT US

One Team from Supply to Certificate

FIRENET is a Pune fire safety company serving Pune, Pimpri-Chinchwad and the MIDC belts since 2008, and a Maharashtra Fire Services Licensed Agency.

2008	500+	200+	50L+	40+
Serving since	Clients	Projects	Sq ft protected	Service types

What we do

Audits & certificates
Fire safety audits, Form A, Form B and Fire NOC documentation.

Fire protection systems
Hydrant, sprinkler, fire alarm, pump room and suppression systems.

Extinguishers & equipment
48 products in every type and size, with GST invoice.

Refilling & hydro test
All types, with free pickup and drop in Pune & PCMC.

Annual maintenance
Scheduled visits, written reports and reminders before due dates.

Training & mock drills
Hands-on extinguisher, fire warden and evacuation training.

Why clients choose FIRENET

- Maharashtra Fire Services Licensed Agency — Form A and Form B issued only after inspection and testing
- Design, installation, testing and certification by our own team
- Free site visit and written quotation in Pune & PCMC
- Repairs and extra work always quoted first, done only after your approval
- Written reports, service tags and reminders before every due date
- 24/7 emergency support in Pune & PCMC

AUDITS & CERTIFICATES

Fire Safety Audits & Compliance

Testing, not just a walk-through — every audit ends with a written photo report, a risk rating and a practical action plan.

Fire safety audit

Hydrants, sprinklers, pumps, alarms, extinguishers, escape routes, electrical risks and records — tested and reported.

Form B certificate

The twice-yearly maintenance certificate due every January and July, issued after inspection and testing.

Form A certificate

Compliance certificate for new buildings, extensions and new fire installations.

Fire NOC documentation

Drawings, documents and follow-up for the Fire NOC.

Electrical safety audit

Panels, cabling, earthing and protection devices checked to find fire risks early.

Industry audits

Housing societies, factories, warehouses, hospitals, schools, hotels, offices and IT parks.

What you receive

Photo report
Every finding with a photo and its location.

Risk rating
High, medium or low — so you know what to fix first.

Action plan
Clear steps and a written quotation for any work.

How an audit works

1. **Enquiry** — Call, WhatsApp or website
2. **Site visit** — Free in Pune & PCMC
3. **Inspection** — Systems tested on site
4. **Report** — Photos, risk rating, plan
5. **Certificate** — Form A / Form B after testing

PROJECTS

Fire Protection Systems

Design, installation, testing and commissioning by our own team — from drawings to the Form A certificate and maintenance after handover.

Fire hydrant systems
Wet risers, yard hydrants, hose reels and landing valves.

Automatic sprinkler systems
For warehouses, factories, offices, hospitals and high-rise buildings.

Fire alarm & detection
Conventional, addressable and wireless systems, with PA and voice evacuation.

Gas suppression
Clean agent and CO_2 suppression for server, panel and UPS rooms.

Kitchen suppression
Hood and duct suppression for commercial kitchens.

Fire pump rooms
Main electric, diesel and jockey pumps with automatic start testing.

One team for the whole project

Scope	New project	Existing building
Site survey & requirements	✓	✓
Design & drawings	✓	✓
Supply of equipment	✓	✓
Installation by our own team	✓	✓
Testing & commissioning	✓	✓
Form A / Fire NOC documents	✓	–
AMC & Form B after handover	✓	✓

For builders, architects and MEP consultants
We work from your drawings or prepare them, and coordinate with the fire department for approvals.

MAINTENANCE

AMC, Refilling & Training

Keep every system ready all year — with scheduled visits, written reports, service tags and reminders before due dates.

Annual maintenance contracts

Extinguisher, hydrant, fire alarm and housing society AMC — monthly, quarterly, four-monthly or half-yearly visits.

Extinguisher refilling

All types refilled with free pickup and drop in Pune & PCMC; bulk on-site refilling for societies and factories.

Fire safety training

Hands-on extinguisher training, fire warden and SCBA training for 10 to 50 participants per batch.

Mock drills

Planned evacuation drills for offices, factories, schools, hospitals and societies.

Repairs & spares

Quoted first and done only after your approval.

Emergency support

24/7 breakdown support for pumps, alarms and systems in Pune & PCMC.

Hydro test intervals

Extinguisher type	Hydro test every
Foam, water and water mist	**2 years**
ABC powder, K-Type (kitchen) and clean agent	**3 years**
CO_2	**5 years**
Lithium-ion and modular	**As per the manufacturer**

We remind you before every due date

Refilling, hydro test, Form B and AMC visits — on WhatsApp, with the date on the service tag of every extinguisher.

PRODUCTS
